

AMENDMENTS TO THE SPECIFICATION

Pursuant to 37 C.F.R. § 1.121(b)(1), please **amend** the specification as follows:

On page 6 of the specification, paragraph 1:

In the nonlinear optical polymer compound according to the present invention, the polyimide repeating unit preferably has the following formula:

Formula (6)

wherein S is an organic dye molecular group selected from the formulas where A and B are each independently fluorocarbon-substituted or unsubstituted hydrocarbons having 1 to 4 carbon atoms, oxygen, nitrogen, or sulfur, and *m* is in the range of 0.01 to 1 as the ratio of the polyimide repeating units to all the repeating units of the optical polymeric compound.

On page 6 of the specification, paragraph 2:

More preferably, the polyimide repeating unit has the following formula:

Formula (7)

On page 10 of the specification, Scheme (3):

Scheme (3)
